

GENERAL GUIDELINE VISITORS AND CONTRACTORS

WORKING SAFELY TOGETHER!

COVID-19 PREVENTION

HYGIENE

Wash

Wash your hands often with water and soap and rinse well.

Cover

Cough and sneeze in your elbow - use paper tissues and discard them after use.

Clean

Clean objects and surfaces frequently.

SOCIAL DISTANCE

No shaking

Do not shake hands.

Avoid crowds

Do not gather in groups and avoid crowded places.

1.5 meter

Practice social distance.

- Visitors / contractors travelling to The Netherlands should always check the actual guidelines for testing and quarantine for the country of origin as well as the country of destination.
- Only visit MTEE if this is strictly necessary and you don't have mild cold-like symptoms and/or a fever above 38 degrees Celsius .
- Visitors / contractors are only allowed by appointment and need to be reported beforehand.
- At the premises of MTEE it is mandatory to wear a face mask.
- Upon arrival report at the reception at the entrance and follow up the instructions of the receptionist.
- Hand disinfectant is available at every entrance, you are obliged to disinfect (*wash*) your hands upon arrival.
- Your contact at MTEE is also your first point of contact, follow the instructions of your host at all times.

Within MTEE we carefully apply the (hygiene) measures as advised by the RIVM (National Institute for Public Health and the Environment).

Take care, stay positive, and stay safe!

WORKING SAFELY TOGETHER!

COVID-19 PREVENTION

| Floorplan

| Emergency number to report fire, accidents, other calamities or damage (*Security*):

+31 (0)36-538 83 33

| Life threatening situation (*external*):

(0)112

N.B. For calling from a landline, first dial "0".

Take care, stay positive, and stay safe!
